### Alaskan Adventures

Although their numbers are declining in other parts of the Pacific, they're plentiful in Southeast Alaska -- we saw them not only in the Inians but also on a buoy outside the fishing village of Petersburg and on Glacier Bay's South Marble Island, a popular gathering point for nearly 500 of these magnificent animals.

### Want honest assessment of roughness of Alaska cruise waters

Hart lives in Juneau, the state capital and de facto capital of the Alaskan cruise ship industry, about 50 miles from Glacier Bay as the seaplane flies. The list of essayists who have been active throughout the world and throughout time, is extraordinary.

### A Trip to Alaska: A Narrative of What Was Seen and Heard During a Summer Cruise in Alaskan Waters by George Wardman

Harbor seals swim into glacial fjords like each year for pupping, using the icebergs that break off of the receding glaciers to give birth. The lone mountain goat sighting on our cruise came as we made our way up Glacier Bay, where an eagle-eyed naturalist from the expedition staff pointed out a couple of small white dots moving across a gray cliff.
