villages in Odisha used to have a small house or room known as bhagabata tungi, where villagers would gather to listen to recitations of Dasa's Bhagabata. Praharaj not only conceived of and compiled the work, he also raised the finances to print it through public donations, grants and subscriptions and supervised the printing and the sales of the published work.

Tapayuna language

Sabja seeds, or basil seeds, are full of fibre content, which keeps your stomach fuller for longer time reduces your appetite , further prevent overeating and unnecessary cravings. Their language is distinctly more provocative and aggressive.
