Tables of Chemical Kinetics : Homogeneous Reactions (Supplementary Tables)

This is one of over 2,400 courses on OCW. Intente ver cuales fueran de particular interés para la practica que esté haciendo en un momento dado.

Kinetics of Chemical Processes

Deberá incluir: a el título del experimento b la s fecha s en que se ha efectuado c una descripción breve 2 o 3 oraciones del experimento del propósito y el procedimiento del experimento.

Kinetics of Chemical Processes

The program considers four problem types: 1 constant pressure; 2 constant volume; 3 constant temperature and pressure; and 4 constant temperature and volume. ¡Cuidado con la corriente producida por la bobina! Al mezclar deje el bromo para el final, agite, comience a tomar el tiempo y coloque en el espectrofotómetro. The report includes a description of the theory and the computer program, including a complete users manual.

Introduction
