Timeline of Waco, Texas

More than just a catalog of buildings and styles, the book is a social history of Texas architecture.

William Wayne Caudill

The 1931 courthouse, a two-story poured-in-place concrete and steel truss structure with a raised basement, is finished in Texas Cordova Cream limestone. The style prevails in that part of the country, particularly in Arizona and New Mexico where originals survive. Alexander Architectural Archive , s.

Liberty County Courthouse

Caudill continued to devote himself to education as director of the Rice University School of Architecture 1961-1969 and as William Ward Watkin Professor 1969-1971. In 1995, it was included in the Local Historic District by the City of San Antonio.

Architecture in Texas 1895

Established in 1945, HANSEN distinguishes itself as a leading design firm in Savannah, offering a diverse range of services. It has been said that each generation despises the work of its parentsand rediscovers the world of its grandparents.

A Guide to Baltimore Architecture

There are six site detail graphics in total for campuses, the exposition, and housing projects; and nine detail graphics for individual houses. The firm also constructed Thomas Jefferson High School, according to Jay C.

Architecture in Texas 1895

Among his other works were the MKT Depot 1909 in Denison, the Blanco County Courthouse 1916 in Johnson City, the Atascosa County Courthouse in Jourdanton 1912 , and the remodeling of the Dimmit County Courthouse in Carrizo Springs 1925.

Van Horn's former El Capitan Hotel.

Published by the Texas State Historical Association.

McCulloch County Courthouse

The fashion for columns and pediments seeped into residential architecture as far as the most rural farmland, popularized through pattern books by Asher Benjamin and Minard Lafever. In 1974, after his wife Edith's death, William Caudill married Aileen Plumer Harrison, a friend from his days at Oklahoma State University. Shingle Photo by David Carmack Dates: 1880 to 1900 Features: Exterior walls and roofs of wood shingles; asymmetrical house shape, often organic to the landscape around it; large porches; intersecting roofs of different shapes, including gambrel.
