**18 016 952**

Some changes have been proposed to this Policies Map and these are shown in the.

## **The Adopted Local Plan**

It supplements policies in the adopted and the emerging.

## **LAPP (Local Plan Part 2) Submission Version**

The present situation cannot continue and must be remedied. The post of case manager is a new post which was created for the purposes of the Tri-borough Care Proceedings Pilot.

### **1.4.4 Public Law Outline**

It suffices to say that, at least for the time being, the care proceedings will remain in the High Court, reserved to me. No personally identifiable data is stored.

## **Document library**

They probably don't even like us.

## **Neighbourhood Plan**

Munby J therefore decided that this judgment should be made public in the interest of transparency and for the technical reason that declarations in such proceedings must not be made by consent and that needed to be recorded.

## **Local Plan Review**

The contention that G consented to the removal of her baby in the circumstances in which she found herself at 5.

## **Neighbourhood Plan**

This consultation needs to be closely watched and responded to. So, the policy is an irrational shambles as well as likely to be discriminatory, think. We are inviting people to consider what kind of policies should be in the next version of the Plan, ensuring that all issues are taken into account and that all options for waste management have been considered.
