**The Congress Has No Clothes, by
John Morgan**

Instead I heard plenty of nonsense from 2000 year old scribes from distant people who would -in all likelihood- have died of hunger, cold, or their own bickering had they tried to move to settle in my own country. Highest quality peoples... What is that, judenscum doublespeak for, Faggots? Talk about a Pyrrhic Victory. They are dumb like the moron in TAKE THE MONEY AND RUN who whips the shadow instead of the prisoner.

The Never

For example, our friends took exchange rate differences on precious metal for thousands of years.

The Never

They should have Monday-morning quarterbacked like.... Today Jews are at the vanguard to make sure any such projects do not get off the ground. Look around, the Jews control America.

The Never

You are asking America to single out and boycott Israel ... and not Egypt, China, etc. And I note that people who criticise you and consider the Bible a very anti-jewish book, fail to notice the simple fact that reading and adhering to that book leaves 99% of them knowing A LOT more about ancient jewish history than about the ancient history of their own people.
