**Not such a prude after all: the secrets of Henry VIII's love life**

As stomachers were completely independent of the bodice—simply pinned into place each day—they are not often preserved together with the bodices they were typically worn with. The Married Life of Anne of Austria, Queen of France, 2 volumes.

**How Croatia Invented the Necktie**

The royal surname was never used in official publications, and hardly in 'histories' of various sorts before 1584. Some affection developed, to the point where it was noted that Louis was distracted during a serious illness of the queen.

**Tudor period**

The woman at left is richly dressed in black satin, with virago sleeves, a standing lace collar, and a lace-trimmed stomacher.

**How Croatia Invented the Necktie**

A product of this collaboration was the ballet comique, a courtly dance entertainment with words.

**Best period costumes of all time**

While Elizabeth declined physically with age, her running of the country continued to benefit her people. Later he moved to the Palais-Royal.
