### EAPG Toy Pitcher

Items bearing Geometric designs are the most numerous and include tableware, such as , stoppers, , casters, sets, pitchers, , , , dishes, , , , celery glasses and salts, and doll dishes.

### EAPGS Pattern Index

Please include this information when inquiring. The Guide has over 900 pages of carefully researched material on a wide array of subjects including major and minor cutting houses, scores of new identifications in — and corrections to — several of the previous books on ABCG Boggess, Revi, Rarities, etc. Generally, pieces dating from the mid-19th through the early-20th century are considered the most valuable.

### Early American molded glass

Her son, Dick, was a student in the College of Architecture at the University of Nebraska. American Depression Glass

Filesize: 34.74 MB

Depression glass was produced in varying hues, some very light in color and others opaque and iridescent.

### **Florentine Depression Glass Pattern By Hazel Atlas Glass**

Milk Glass Opaque glass, commonly known as , reached the height of its popularity in the 19th and early 20th century when it was produced as a more economical option to European glass and.

### **The House of Brilliant Glass**

This form of the pattern does not have any horseshoes in the design. Most colorless glass was made by the New England Glass Company in.

### **The House of Brilliant Glass**

Molded glass can be easily distinguished from cut glass, since cut glass sparkles with brilliance as the sharp angles of the cuts in the glass break up light into all , and molded glass has a softer, more rounded surface which transmits a silvery, more.

### **The House of Brilliant Glass**

Hello, I have six turquoise small plates with gorgeous cutouts all around the edge of the plates as well as a glass beading design which completely circles the entire dish. The quickest way to identify crystal is to examine its look and sound.

### **How to Identify Cambridge Glass**

Finished pieces were fire polished by reheating in the , which softened the pattern and gave the piece a diffuse brilliance. An occasional rare piece can be found in the iridescent gold, carnival glass color The Florentine pattern includes every piece for a complete place setting and serving pieces, including an unusual gravy boat found only in yellow.
