What is the World Wide Web

Looking back at how far we've come makes us ask: what will the internet look like in another 50 years? Ni jedan servis kao internet nije uspio preuzeti i odrediti novu generaciju medija kao što je to uspjelo mrežnom servisu interneta. The social networks are the last card to rescue earth and stop the terror against nature mother earth and us!! THE GODS WANT US TO BE LIKE THEM! The bullets did not appear to have been shot from very close range because no gunpowder was present on his body. It was just his style.
