## Life Writing

The uses of writing, and the cultural practices in which they were embedded, are explained in their context of social and political relations, gender relations and relations between the literate and the illiterate. Nu vreau să mă las mai prejos; voi, discipolii mei fideli, meritați să știți adevărul. This book will establish some of the main themes and frontiers of a new field of historical study: that of 'ordinary writings', or écritures ordinaires - the improvised and often ephemeral writings of the poor, the young and the hitherto silent people of history.

## Personal Narratives: Writing Practices in 19th

This collection of new studies from France, Belgium, Finland, Spain, Iceland, Greece, Italy and Britain has a coherent focus on the transition to writing literacy in 19th and 20th century Europe.

## Ordinary writings, personal narratives (2007 edition)

Știu că o să vă simțiți umili și seduși, în ciuda propriei voințe, când veți citi despre miresele mele extraordinare, despre puterea mea supranaturală, despre imensa pivniță unde se păstrează sângele, despre planurile mele inovatoare de a-mi diversifica brandul, despre secretele toaletei mele, despre experimentele de laborator și despre casa mea nemaipomenită.
