### Ontario Facts

ABORIGINAL PEOPLES OF CANADA Ontario has about 2% of its population belonging to First Nations, Métis, or Inuits, and about one-fifth of the total Aboriginal population in the country. An estimated 90% of the Niagara River flows over Horseshoe Falls after it has been diverted for hydropower generation.

Then, this session is for you.

### CENGN Announces Northern Ontario First Nation High

The Review date also does not change depending on when your foreign worker is issued a work permit.

### Ontario Facts

Over 90 percent of the population lives in the southern portion of the province, within 200 km of the US border. London, Kincardine, Windsor, and Sarnia are major population centers in southwestern Ontario.

### CENGN Announces Northern Ontario First Nation High

In addition to gold, copper, zinc, cobalt and silver, the province is a significant producer of these metals as well.

There is no flexibility in the application of the wage requirement for additional positions being requested under Category A Global Talent

Occupations List for Category B of the Global Talent Stream as of July 2019 For Category B of the Global Talent Stream, applications will be accepted from firms in Canada that need to hire highly skilled foreign workers for occupations found on ESDC's Global Talent Occupations List, which have been determined to be in-demand and for which there is insufficient domestic labour supply. Throughout the city one can find neighbourhoods featuring pockets of immigrants from any corner of the world, from Greektown to Little Italy, and from Chinatown to Little Portugal and Koreatown.
