### Weekly Discussion Thread [14] : SocialDemocracy

You can even apply this to feudal lords, who were granted this liberty to accumulate and use productive capital to generate wealth for themselves, with appropriate tribute to their king. Finland, like other Scandinavian countries, has a comprehensive social safety net that helps ensure that people have what they need to live productive, healthy, and happy lives. Today, parties advocating social democracy include Labour, Left and some Green parties.

## **What Is Democratic Socialism? Socialism Explained**

Lastly, Communism abolishes class distinctions as everyone is effectively treated equally, while Socialism allows class distinctions to exist, as there is the opportunity for some to achieve more wealth than others.
