## Decision Making Process in Management

But the rewards are huge. Further, decision making process can be regarded as check and balance system that keeps the organisation growing both in vertical and linear directions. Decision-making is an integral part of modern management.

## What is Decision Making ?

After recognized the problems in organization, the second step is generate the alternatives of the recognized problems. Because there is a clear decision maker decisions are made as quickly as they can make that decision. Ensure that the decision will contribute to the goal.
