About eighty years before Jenner's discovery—1721—a practice was introduced in England, called Inoculation, which was accomplished by taking pus matter direct from small-pox patients and introducing it into the blood of healthy individuals. I met her about that time, and she said that her husband was dead. For committing a personal assault of the most cruel, aggravated, and violent nature the offender was simply fined or

imprisoned; but if he were proved guilty of stealing from his neighbour more than the value of twelve-pence the Law doomed him to death.

The practice of vaccination therefore is utterly opposed to the plain teachings of sanitary science. Augustus, however, introduced an important change in the interest of publicity, requiring the party wishing a divorce to declare to the other his purpose in the presence of seven witnesses, who must be Roman citizens of full age; otherwise the divorce to be null and void. Once more, from the Church Porch,— Drink not the third glasse, which thou canst not tame When once it is within thee; but before Mayst rule it, as thou list: and poure the shame, Which it would poure on thee, upon the floore.
