CAPE

He has worked closely with all partners on some of BIG's greatest projects, including the successfully completed Mountain residence and Helsingør Psychiatric Hospital in Denmark.

Lessons from Denmark, Action at Home

This special co-authored blog provides an overview of delegations who went to study the Danish system of Industrial Symbiosis and how it inspired change here in Washington.

CAPE

Among her most relevant works are the masterplan for the Coliseum Arena in Oakland; the masterplan for Ravenswood Waterfront in East Palo Alto; and the Vision Plan for Downtown Brooklyn Public Realm.

Lessons from Denmark, Action at Home

Its members originate from research environments pioneering Scandinavian Participatory Design and Co-Design, and each have 15+ years experience in conducting, researching and teaching Co-Design and Participatory Design in Scandinavia, Europe and beyond. Ole Elkjær-Larsen joined BIG in 2003 and became partner in 2018.

BIG has expanded its leadership team with the announcement of seven new Partners, 33 new Associates, and one new Director.

BIG

Besides, defining Danish architecture is not entirely unproblematic. The square can take large volumes of water in the case of heavy rain, while also serving as a social space for local residents.

The fixture hides the low energy light source, ensuring a comfortable soft light. Rethinking the relationship between nature and city, the overarching urban resilience agenda demanding smarter infrastructure solutions, supporting communities, and upgrading the built heritage — especially the large-scale modernist neighbourhoods — are central themes in future planning.
