Blooms Taxonomy, Learning Objectives and Higher Order Thinking » Center for Innovative Learning

In the kindergarten classroom, children can use their memory skills by working either alone or in pairs to play a memory matching games with cards. Verbal or Nonverbal — Verbal concepts are those that use language to explain them.

Higher Level Thinking Skill Activities for Kindergarten

Defying the crowd: Cultivating creativity in a culture of conformity. Visualizing and verbalizing for language comprehension and thinking. To have original ideas, a person has to use his creative imagination.

10 strategies to support students and help them learn during the coronavirus crisis (opinion)

These foster imagination and creativity. Dogs, chairs, telephones and hamburgers are examples of concrete concepts.

Higher Order Thinking: Bloom's Taxonomy

As the education pendulum flies back and forth, one thing that you can always count on still being at the forefront of making a difference in the classroom is the idea of relationships.

Higher Level Thinking Skill Activities for Kindergarten

How does this element contribute to the whole? Educators need to find ways to expose all students to grade level curriculum and standards while scaffolding their learning or finding ways to provide intervention to them outside of the core instruction. Whether you're interested in improving your teaching skills with new concepts, learning how to better in the classroom, or avoid burnout with , we have the advice and resources to help ensure you're teaching at the highest possible level.
