King Arthur's Coins: Minting in Roman Britain

British Museum Guest argues that the coins may have been in circulation around Britain for decades after the Roman Empire removed its influence from the island. Even coins of bygone eras, well out of living memory, if found were trimmed and put back in circulation.

'Biggest ever' treasure trove of Roman coins found in Britain

For the early part of his reign, Carausius controlled a large part of Gaul along the Channel coast and one mint, whose coins are sometimes marked R, is thought to have been Rotomagus Rouen in northern France.

An introduction to Roman coins

The large number of coins required to raise an army and pay for supplies often necessitated the debasement of the coinage. In general, a really good book ought to have a long and detailed review. It was an appointed position, but the ability to create coins bearing images of your design was enough to make many rich Romans vie for the position.

The History and Coins of Roman Britain: Caesar, Commius, and Cunebelinus »

They remained a common theme on Roman coins for roughly 150 years.

ANS Digital Library: Romano

¡Excelente servicio al cliente y satisfaccion 100% garantizada! He looks at how coins were used in the empire at large and in Britain in particular, because here, the average man and woman in the field, or the market place probably relied as much on barter as anything else.

Romans in Britain

The antoninianus remained the standard coin until the reforms of Diocletian in A.

Roman Coin Denominations

Following his eventual defeat in A.
