### Apprehending the False Promise of Biosecurity

Until CDC changes the focus of data collection from diagnosed AIDS cases to HIV infections, effectiveness of planning and intervention will be limited.

### Trinidad And Tobago

Incidence of Neuropathic Pain in Cancer Patients at a Tertiary Care Cancer Centre in India, in 16th International Conference of Indian Association of Palliative care, held on 13th-15th Feb 2009 at Jawaharlal Nehru Auditorium at All India Institute of Medical Sciences, New Delhi, India. This will allow withdrawal of support by the federal government after a transition period.

### UPDATE: A Research Guide on the South Asian Association for Regional Cooperation (SAARC)

However, one of the most important policy issues of the Charter is that it deliberately excludes bilateral and contentious matters from the discussions. That election resulted in a stalemate.

### Apprehending the False Promise of Biosecurity

REPRESENTATIVE PENNY PULLEN CORY SERVAAS, M.

### National Plan of Action for Children

So, violence and illegal activities associated with trafficking should be stopped. The Assembly decided that the date for the Day should coincide in principle with United Nations Day, 24 October, which was also the date of the adoption, in 1970, of the International Development Strategy for the Second United Nations Development Decade.

Recognizing the role that energy plays in the economic life of Trinidad and Tobago, where it was the source of 37% of governmental revenues in 2004, the government is seeking to diversify the economy to reduce dependence on the energy sector and to achieve self-sustaining growth. That, following the ten-year life of the MHHI, the Canada Mortgage and Housing Corporation be mandated to maintain the percentage of people living with mental illness who are in need of housing that is adequate, suitable and affordable at the same percentage as that of the population as a whole.

## **Osa Archivum Catalog**

The return on investment through delivery of national programs and website provides outcomes that are greater in value than the individual contributions made by state and territory governments. Use of EMIS data for evidence based decision making by policy makers and managers has started, although on a small scale.
