2020 Global Multidimensional Poverty Index

The SJB cancelled its bogus protests against the 20th amendment, citing the virus. These demands can be addressed only through an uncompromising struggle against global capitalism and on the basis of an international socialist program.

Department of Census and Statistics

On the other hand, the poverty headcount is highest in the estate sector. However, that number sharply increases throughout the months of December to March as tourists flock to the island to visit its alluring beaches and mountainous terrain.

2020 Global Multidimensional Poverty Index

Disparities in wealth have risen steadily during the post-1977 period, a result of policy reforms that paved the way for more wealth generation through the increased participation of the private sector. One critic of government policy has already been silenced.

Education equity in Sri Lanka: A pathway out of poverty

In this context, some proposals made in Budget 2021 to improve the education system and reduce poverty will benefit poor children who have been disproportionately affected by the pandemic. Over 45 percent of the population benefits from one such income supplementary program called Samurdhi. Microfinance has helped households in middle quintiles to increase their income and assets; helped the very poor to increase consumption expenditure; has inculcated savings habits among the poor; has worked as an instrument of consumption smoothing among almost all income groups; and has helped women to increase their social status and improve the economic conditions.

Education equity in Sri Lanka: A pathway out of poverty

Their eldest daughter, Pathmalatha, just 16, is working as a domestic servant in a bungalow of a wealthy family in Badulla.

Grinding rural poverty leads to suicide in Sri Lanka

Thrift and Credit Cooperative Societies TCCSs , which were first established in 1911, were the pioneers in providing financial facilities to the poor.

Daily Mirror

The aim of Sustainable Development Goal 1 SDG 1 is to eradicate extreme poverty and to reduce all forms and dimensions of poverty, at least by half, by the year 2030.

Department of Census and Statistics

It is very difficult for poor people to save money and secure themselves from shocks like illness or death.
