Since that time, the Party has united and led all the Chinese people in a tireless struggle, propelling China into a leading position in terms of economic and technological strength, defense capabilities, and composite national strength. We will develop socialist ideology that has the ability to unite and the power to inspire the people to embrace shared ideals, convictions, values, and moral standards. As the saying goes, it takes a good blacksmith to make good steel.

Comrades, This is our strategic vision for developing socialism with Chinese characteristics in the new era: Finish building a moderately prosperous society in all respects, move on to basically realizing modernization, and then turn to making China a great modern socialist country in every dimension. Smooth progress has been made in major ecological conservation and restoration projects; and forest coverage has been increased. This represents a revolutionary restructuring of the organization and the services of the people's armed forces.
