East Coast Hodge

Over the years we have obtained several sound systems and a music library of 50,000+ song titles to select from and many great testimonials that can attest to our success. HodgePodge Coffee

recalls such events and conditions in her life as war breaking out in 1939, Warsaw in the 1940s: the ghetto and the Aryan side, the first decade of communism, Yugoslavia: oddities and infatuation, 1968 and the aftermath, martial law: signs of social disintegration, Polish Academy of Sciences and adventures with research, democratic Poland: winners and losers, corruption: personal experience bribing Mexican police, ethnic hodgepodge: a politically correct family, and the world has changed.

Hodge Podge

Recipe's been passed down from my great Grandmother Year 1889. As a Nova Scotian now living in BC my HodgePodge cravings start when the first beans green or yellow garden peas and new potatoes arrive at the Farmers' Market.
