Expect a lot of raised eyebrows if you're not familiar with psychoanalytic jargon. But, since the solutions the individual finds are only artificial ones, new conflicts arise which again call for new solutions—which may allow him to function in a fairly smooth way. Мне очень понравилось определение: гордость — это эмоция, основанная на представлении о самооценке ввиду реальных или воображаемых заслуг.

### Neurosis And Human Growth: The Struggle Toward Self

Если вдаваться подробнее в детали, то в основе всех неврозов лежит один из семи смертных грехов. Regardless of whether you feel it applies to YOU - it will apply to people you know, love, care about, run into and work with. Они, вероятно, лучше меня, раз добились такого.
