Air supremacy

More than a thing from the past, Concorde has been one of the starting point of Airbus that is, now, the word leader of airliners manufacturing.

Insurgency

It really is a marvel and the background to the development of this aircraft is a historic story. A makeshift noose and gallows ominously erected outside. To this day I remember the awesome roar as she tore down the runway and shot into the sky.

OK gesture

Yet another conflict of definitions involves insurgency versus terrorism. The closest parallel to Allah hu Akbar I can think of would perhaps be something like Aum Namaha Shivaya, but not really. Strike one against the current definition of insurgency.
