Ralph Nader, The Monopoly Makers: Ralph Nader's Study Group Report on Regulations and Competition. In October 1972, a revised Clean Water Act passed in Congress with a bipartisan majority overriding a veto by President Nixon. Regulation proponent Ralph Nader directed his group in an effort to study monopolies and how government supports them.

To do this, you cultivate friends in the state legislature -- persons who will vote your way at the right times.

## POWER ELITES & MONOPOLY POWER

If the government were constitutionally and legally forbidden to intervene on behalf of anyone, then Rockefeller, Haammer, or any other would-be monopolist would have no more influence over government than anyone else, and would have to compete in the marketplace like everybody else. Making it illegal for government to regulate or otherwise intervene in production and trade would be much more effective in combatting political abuses and corruption than any restrictions on campaign financing or other superficial reforms.
