### Knowledge Platform

A silent disease and a serious public health issue Hepatitis is usually an asymptomatic disease that can progress silently before a diagnosis is made. The main objectives of the framework are to co-operate to extend the coverage of water, sanitation, wastewater, and drainage services in Dhaka and Chittagong, especially to the poor, and to address long-standing reforms. Workers would live in one of nine camps, which besides food and shelter would also provide health care and security.

### Poland Overview

Once the pandemic is over, it will be key to apply the lessons learnt from COVID-19 to future global challenges.

### The impact of the coronavirus (COVID

Phillips 2020 , How tax officials in lower-income countries can respond to the coronavirus pandemic, Overseas Development Institute ODI , London. The UN team, led by Resident Coordinator Maria Ribeiro, has been intensifying support to the national COVID-19 response efforts, including WHO, which while ensuring the delivery of essential health care services is working on strengthening prevention and response capacities at community levels with a special focus on hotspot areas while improving access to oxygen and intensive care units for severe cases. Sahn, David, Paul Dorosh, and Stephen Younger, 1997, Structural Adjustment Reconsidered: Economic Policy and Poverty in Africa, New York: Cambridge University Press.

### United Nations Sustainable Development Group: Home

After two years of advisory help provided to Poland, and upon the request of the Polish Government, the World Bank is now preparing a

Program-for-Results operation to further support reforms in that critical area. Inflation targeting sets an inflation target for the central bank and gives the responsibility for achieving the target to the central bank. As of January 2008, 73 small schemes had been completed, both in areas where the shallow is contaminated by arsenic and those where this is not the case.
