## The Sundial

John Skene's dictionary, published in 1597, was the first Scottish attempt to define the language of the law. Duncan, Bibliography of Glass, 1024.

## Longitude Made Easy, from the Moon's Altitude Only. by William Garrard. ...

Strand Magazine, Sunday at Home, etc.

## Project Stargazer: The history and future of balloon

England is the last volume to appear in this momentous series. In the first part, there is extensive information on the production of plate glass and mirrors, including instructions on grinding and polishing glass, repurposing mirrors, convex and concave mirrors, coloured glass, and other similar pursuits.

## Forest Books

In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Series English short title catalogue Eighteenth Century collection. Much like test pilots for aircraft at the time, test pilots for balloons likewise had incredibly dangerous jobs.
