Shock therapy (economics)

Beginning in 1990, the new postcommunist government of Poland abandoned controls and subsidies and undertook a major reform in a drastic program to convert the Polish economy to a free-market basis.

Revolutions of 1989

An immediate effect was a reduced ratio of capital to labor.

Soviet Union: Stalin, Cold War & Collapse

Although elation followed the flight of the Ceausescus, uncertainty surrounded their fate. Soviet consumers joke that the ruble has come to resemble a lottery ticket more than a currency. On 6 February 1989 formal Round Table discussions began in the Hall of Columns in Warsaw.

The collapse of the Communist bloc

When the Soviet Union collapsed in 1991, all the Soviet Republics bordering Eastern Europe declared independence from Russia and united with the rest of Europe.

25 Years of Reforms in Ex

Erich Honecker had hoped that the stationed in the GDR by the would restore the communist government and suppress the civilian protests.

Soviet Union: Stalin, Cold War & Collapse

These started with the Polish workers' mass strike movement on 21 April 1988, and ended , on 24 September 1993.

Why the USSR Collapsed Economically

However, in an autocratic society such as that of Russia, anyone who speaks in opposition to government corruption will be arrested, exiled or even murdered under mysterious circumstances.
