Building the Community Pharmacy Partnership (BCPP)

As such, they have an obligation to declare that they are fit to practise, and provide a minimum of nine continuing professional development CPD entries annually. Similar recognition is provided in other countries. The BCPP funding process is very support intensive.

Building the Community Pharmacy Partnership (BCPP)

In retail community pharmacy, stock control is different from hospital pharmacies and will vary from pharmacy to pharmacy.

The Future of Community Pharmacy: Direct Patient Care

Keeping an encouraging work environment that promotes growth will instill the right values and set your team up for success.

Building the Community Pharmacy Partnership (BCPP)

An independent pharmacy can thrive near one of the big chain pharmacies, if you set your pharmacy apart with your products and services. From 1978 until 2009, the average annual medication sales growth in China was 20%, reaching USD 21.

Building the Community Pharmacy Partnership

Is it convenient for customers to come back for refills before they visit their doctor again? Beyond the supply of pharmaceutical products, pharmaceutical services include information, education, and communication to promote public health; the provision of drug information and counseling; regulatory services; and staff education and training Wiedenmayer et al. Conducting market research uncovers several consumer insights including demographics, psychographics, traffic patterns, and more. The information does not usually directly identify you, but it can give you a more personalized web experience.

Community Pharmacy Company Profile

Also, by 2015, all community pharmacies must be owned by licensed pharmacists. This support is offered in a variety of ways such as visits, telephone and email.
