Placing Self Amid Others

This was a modular structure that eradicated by dictate the problem that any historian or anthropologist faces — how to define the units to be compared.

97145233

The article is focused on the key role of the Russian influence in its development. One of these was Strelitzia reginae, named in honour of Charlotte of Mecklenburg-Strelitz, the Queen Consort of George III and a famous botanist and supporter of Kew, which was placed at the top of the list of plants to be given to the duchess. Abaev, who represents one of the most unusual figures in the Iranian studies of the twentieth century.

Before the Revolution

In addition, Australia was not a zone of potential conflict between Russia and Britain, unlike parts of North America or Asia where Russia was constantly growing its presence.

IOM RAS

But in his distraction a horrible accident occurs, and he will spend his life unaware of the outcome, or who the Red-Haired Woman was, until many years later. THE 'LAB' CONNECTION In his study, O Porijeklu Ilira 1992, G. .

The Uncanny Frontier of Russian Identity: Travel, Ethnography, and Empire in Lermontov's "Taman", The Russian Review

Linguistic evidence, Mallory believes, indicates that before the collapse of Common Slavic, the Slavs had been subjected to strong linguistic influences from Iranian-Sarmatian speaking peoples. Bruckner: Worthy of a second look in this context is the hypothesis of Bruckner, who links

the Polish *pasierba* and the Slavic ethnonyms with the root contained in the Slavic verbs designating the sucking or drawing of fluids through the mouth.

Before the Revolution

Unlike most Iranists, who regard the name of the epic as Iranian, he maintained its derivation from the Mongol word for sun, *nara*. Mergen Gegen never assumes there are measurable scales by which commensurability might be achieved.
