BERGGER Pancro400

Your article starts and ends with putting film photographers in our place, as it were.

Darkroom — Photography by Thomas Eisl

Nik, I am sorry for my over-the-top reply.

Darkroom — Photography by Thomas Eisl

With a lot more research, they would be able to form hypotheses around whether we would be willing to pay a premium for a new camera that had the characteristics of, say, the FM2. There is no altruism in it. And then the mirrorless revolution came which means all that M mount glass works great on Sony and Fuji now.

Skier Sunray Box — Photography by Thomas Eisl

Because in this current market it is actually a liability to have such a competent camera.
