## ENCYCLOPEDIA OF COLLEGE BASKETBALL

In 1950, following a double win by the when the NIT comprised 12 and the NCAA 8 teams , the NCAA ruled that no team could compete in both tournaments, and effectively indicated that a team eligible for the NCAA tournament should play in it. Drexel won the game, which was played under rules allowing nine players per side, among many other variations from modern basketball, 26—1.

### College basketball

Hence, the rationale for compiling 18 chapters of historical facts, statistics, and trivia in addition to coach, player, and team profiles.

### Encyclopedia of college basketball (1995 edition)

Instead a turnover is created and the ball goes to the other team. Timeouts can be made by players on the court or the head coach.
