What is the Purpose of Accreditation? One way to do this is by using multiple procedures for gathering, analyzing, and interpreting data. Community evaluation information should be linked to questions of importance to key stakeholders. A detailed logic model can also be a basis for estimating the program's effect on endpoints that are not directly measured.

Chapter 36. Introduction to Evaluation

For example, some participants may be unwilling to discuss their behavior with a stranger, whereas others are more at ease with someone they don't know.
