Finally, think about the nature of the group.

10 Research Question Examples to Guide your Research Project

Your interview is your chance to sell yourself. Make your open-ended questions relevant to the conversation so they encourage the person to explore and recognize problem areas and motivation for change. Could you describe a couple of your experiments and tell us what you found? In other words, you form a guess about what the person means.

7 questions you should ask to develop effective communication at work

Imagine you want to know how much a co-worker earns.

7 questions you should ask to develop effective communication at work
