Not all black people are African American. Here's the difference.

As long as this is true, they will have less energy to devote to the problems of the negro subculture.

(1963) Robert C. Weaver, Negro as an •

As with the paternal DNA of African Americans, contributions from other parts of the continent to their maternal gene pool are insignificant.

African Americans

Americans seem to realize that the United States is a diverse nation, but recent polling suggests the public thinks the nation is more diverse than it actually is. Americans' impressions about the percentage of Hispanics in this country are somewhat more accurate than their impressions about the percentage of blacks. After the United States was founded in 1783, most , being most concentrated in the , with four million enslaved only during and at the end of the in 1865.

(1963) Robert C. Weaver, Negro as an •

The example which will be an inspiration to the negro boys and girls whose anti-social behavior distresses most whites and many negroes is someone they know who has experienced what they have experienced and has won acceptance in the mainstream of America. A History of African Americans, McGraw-Hill Education 2001, standard work, first edition in 1947.
