Bridge World Standard Conventions

Smug, which is 1 a character of S. In information theory, bids by the opponents are the equivalent of having a noisy channel.

Standard American

A two-club response to one diamond is forcing to game except where responder rebids his suit simply after opener has not promised extra values.

2 Club Summary

For this reason, you should count a queen-high suit as three losers unless it also contains the jack or it's a long suit that's likely to be trumps. Here are some popular conventions. Enhanced relay structures are found throughout, improving right-siding of contracts.

General Approach; 2C Opening (Part 2)

Although there are about 10 the 48th power possible auctions, the vast majority of them are not plausible.
