Jordan continues to provide support for U.

The Human Factor review

But they will undermine U. For instance, our close relationship with Jordan has helped support peace in the region and is especially critical in light of the uncertainty in Syria. I know that the uncertainty over the Egyptian transition has prompted some in Congress to propose conditioning our security assistance to Egypt.

An Inside Look at Israeli National Security Strategy

Nonetheless, the United States remains committed to the pursuit of an enduring peace between Israelis and Palestinians. Submissions that do not follow this simple rule will be removed.

Does Israel have a strategy for Gaza?

It has caused some of our partners in the democratic world to distance themselves from us and be wary even of cooperating with Israelis who work for peace.

For Israel, a country with security challenges that few countries in the world can contemplate, the volatility that we are witnessing in the region, is both a cause for optimism and concern.

Does Israel have a strategy for Gaza?

It is widely known that our two countries share a special bond that is rooted in our common values and interwoven cultures. Real democracy means more than just holding elections -- it requires a long process of education and socialization, which these countries have yet to undertake.

Does Israel have a strategy for Gaza?

In this July 17, 2018, photo, Israeli farmer Ofer Moskovitz walks through his field near Kfar Yuval, Israel. But today, in these budget constrained times — some are now asking the question why should we keep providing aid to Israel? VIRIN: 191127-D-HD608-001 He wants to cement the global integration aspect into globally integrated exercises and war games.
