Modernization : the dynamics of growth / Myron Weiner, editor

Cell phones, for example, have changed the lives of millions throughout the world. Michael Latham has identified how this ideology worked out in three major programs the Alliance for Progress, the Peace Corps, and the strategic hamlet program in South Vietnam.

Modernization : the dynamics of growth / Myron Weiner, editor

The economic modernization is a manifestation of modernization and follows the 10 basic principles of modernization. On the basis of organization size, the market is segmented into small and medium enterprises, and large enterprises. The economic modernization process has 12 features: revolutionary, long, complicated, unbalanced, partly reversible, dynamic, global, progressive, risky, not fully spontaneous, differentiation in economic efficiency, and the convergence of economic structures.

Soldier Modernization Market to Witness Astonishing Growth with Key Players, Analysis with Impact of COVID

Generally speaking, about 20% of the countries are economically developed and about 80% are economically developing; in 50 years, the probability of an economically developed country being downgraded to an economically developing country is about 10%, and the probability of an economically developing country being upgraded to an economically developed country is about 5%.
