

# First International Workshop on Requirements Engineering : Foundation of Software Quality - REFSQ 94 ; Utrecht, Netherland, 6-7 June, 1994

Verlag der Augustinus Buchhandlung - 1st Workshop on Natural Language Processing for Requirements Engineering < nlp4re

Table of Contents		
Part I: REFSQ 2012 Workshop Proceedings		
1	Preface	5
2	Requirements Engineering for Sustainable Systems (RE4S2S)	7
3	Requirements Engineering Workshop (REWS)	47
4	Co-evolution in Requirements Engineering (CoRE)	85
5	Requirements Prioritization for Customer Oriented Software Development (RUP-CO)	129
6	International Workshop on Software Product Management (ISPM)	181
Part II: REFSQ 2012 Empirical Track Proceedings		
7	Preface	239
8	Active Empirical Study	249
9	Online Questionnaires	281
10	Empirical Research Fair	311
Part III: REFSQ 2012 Doctoral Symposium Proceedings		
11	Preface	327
12	Directed by requests	330

Description: -

CEUR

In order to find solutions which handle the described deficiencies, it was the goal of the workshop to improve the understanding of the. . While we did signal Twitter to not track our users by setting the , we do not have any control over how Twitter uses your data.

## Requirements Engineering: Foundation for Software Quality

March 19th, 2018 - Utrecht, The Netherlands Co-located with Submit through Deadline: January 15th, 2018 January 25th, 2018, AoE Social Dinner, Mar 19th, 19:00: Proceedings are available Natural language processing NLP has played an important role in several computer science areas, and requirements engineering RE is not an exception. Although we do not have any reason to believe that your call will be tracked, we do not have any control over how the remote server uses your data.

## Requirements Engineering: Foundation for Software Quality

So please proceed with care and consider checking the as well as the covering Semantic Scholar. We also encourage contributions that highlight challenges faced by industrial practitioners when dealing with requirements expressed in NL, and faced by academics in technology transfer studies. The planning phase of the software ecosystem can, however, be challenging.
