## The armistice in international law and the Egyptian search of Israel

The representative of Egypt declared that on 1 January the crew had been taken to the Israel-Egyptian demarcation line and released. If so, how has it been modified by the profound changes in the law on the use of force and the law of armed conflict? In conclusion, he inquired whether, in view of the fact that the Charter laid down precise conditions for consideration by the Security Council of disputes between Member and non-member States, the Council, in inviting a representative of Jordan to present a complaint against Israel, had satisfied itself that Article 35, paragraph 2, had been complied with, namely, whether Jordan had accepted in advance the obligations of pacific settlement provided in the Charter, as it had already done in a previous instance.

If so, how has it been modified by the profound changes in the law on the use of force and the law of armed conflict? This book argues that neutrality endures as a key concept of the law of armed conflict. By adopting a worthless, inane, unsatisfactory resolution, the Council would have impaired its prestige and its international authority.

An immediate investigation had been carried out and had been followed by an emergency meeting held on 30 March in the absence of the Israel representative. Any violation of that Agreement by any one party or any condonation of its violation must inevitably lead to the collapse of peace and security in the Middle East.

The Egyptian delegation voted for it, the Israel delegation voted against and the Chairman abstained. As a result of that attack, two fishermen were missing. The refugee problem resulted from a United Nations decision and the United Nations would have to take the responsibility until the problem was solved.

By detailing the rights and duties of neutral states and demonstrating how the rules of neutrality continue to apply in modern day conflicts, this restatement of law of neutrality will be a useful guide to legal academics working on the law of armed conflict, the law on the use of force, and the history of international law, as well as for government and military lawyers seeking comprehensive guidance in this difficult area of the law.

Does the law of neutrality continue to survive in the modern era? He would act in accordance with that interpretation.

## **The armistice in international law and the Egyptian search of Israel**

Had any doubt existed, it should long since have been dispelled by Egypt's delaying tactics concerning its own complaint. It was frivolous to imply that an individual act by a borderland Palestinian refugee crossing the demarcation line to his own farm or house could be compared to an organized violation of an official or semi-official character. Moreover, visit and search had been carried out by civilian customs officials.
