## **Pontius Pilate**

When Pilate is beheaded, an angel receives his head. Because it is a kingdom, it has to do with relationships, relationships inspired by God's own presence and manifesting his characteristic love.

**Pontius Pilate Life, Archaeology and minted coins, Apocryphal texts and legends, Art, literature, and film, The Free Encyclopedia**

The truth he refers to is the truth of God.

## **PONTIUS PILATE**

See how many charges they bring against you. But the Jews have no problem convincing him that if he released Jesus, he would be breaking the laws of Caesar.

## **Pontius Pilate: Roman Governor**

They are almost completely detached from the politics of the situation. Sejanus was an ambitious man.

## Pontius Pilate and His Role in the Death of Jesus

Crucifixion was reserved for low-status defendants, not for Roman citizens and members of the elite. But by the recently enacted Roman law, only the Roman procurator had authority to execute criminals.

## Meet Pontius Pilate, Roman Governor of Judea

We are only really reminded of his Other status as a Roman when his second in command says Barabbas is an enemy of Rome and he looks thoughtfully at Jesus and wonders who the real enemy is presumably a reference to the Gibbon-led idea that Christianity was ultimately responsible for the fall of Rome.

## The Real Story of Pontius Pilate? It's Complicated.

Ben-Hur and his family return from a leper colony to find the streets deserted and are told everyone is at the trial - Pilate himself has no dialogue but merely washes his hands with a supercilious expression on his face, the audience presumed to understand what's going on and know the context. Pilate, then, has a central role in the crucifixion of Jesus.
