Guide

If you collect or are thinking of buying or selling American Flyer S gauge trains and accessories, you need this guide.

Greenberg's Guide to Early American Toy Trains

This is why you have to follow the market trends as closely as you can.

Guide

I have a Marx locomotive of an identical shape, and although I got it with the inevitable NYC tender, I believe it was originally sold as part of a British outfit, as I have seen pictures of it paired with red and yellow UK-outline passenger carriages, which I also have. It has a 100 watt transformer and I think it came with wide radius track.

Greenberg's Lionel Catalogues. Volume V: 1955

James- I look forward to seeing what you have! This comprehensive toy train reference captures the essence of this American icon, and equips you with the tools to make the most of this lucrative market. It had the 994 NKP engine and tender, the Wabash high wall gondola, NYC box car, and NKP 7 inch caboose with hook couplers.
