Benton County, Tennessee: Census Records and Indexes

If the surname is not on this list, some other index or the census image can be viewed elsewhere to see if there were smaller slaveholders with that surname. Also, because old Tennessee maps were usually commissioned by the county seat, they often display information about the county, including town names. As pointed out in the updates section below, some slaveholder name index books may now be available in larger research libraries, and an 1860 slaveholder index with information on individual slave age, gender and race is now available on line to subscribers at Ancestry.
