Imam al

The basic outlook that was advocated by the theory of the maqasid was not denied by the leading schools, yet the maqasid remained on the fringes of the mainstream juristic thought that was manifested in the various themes and doctrines of Usul al-Fiqh. However, these rules and regulations, contrary to how they are often described by many non-Muslims, cover every aspect of life.

ISLAMIC MANAGEMENT: SHARIAH AND MAQASID AL

Hence zakah may be paid earlier especially if it is prepaid by only a few weeks or even longer. This broad meaning of benefits also includes prevention and elimination of harm. It is more commonly known as the mosque of Abu Huraya or Hariba.

MAQASID AL

His followers were not allowed to approach him openly to gain the true Islamic knowledge from the Imam. **السَّلَامُ عَلَيْكَ يَا حَبِيبَ اللَّهِ**, Peace be upon you, O the most-beloved by Allah! Those who neglect acquiring mastery of the maqasid do so to their own peril as it would make them liable to error in ijtihad. This is partly due perhaps to the nature of the subject, which is largely concerned with the philosophy of the law, its outlook and objective, rather than the specific formulations of its text.

Masjid Amir Qijmas al

When there is a plurality of conflicting interests and none appears to be clearly preferable, then prevention of evil takes priority over the realisation of benefit.

Imam al

Caliph left the Imam alone for a while, but still kept him under house arrest. **السَّلَامُ عَلَيْكَ يَا بْنَ خَاتَمِ النَّبِيِّينَ**, Peace be upon you, O the son of the seal of the Prophets! It thus becomes evident that induction is the principal method of reasoning and proof to which Shatibi resorted in his theory of the maqasid and it is also in this regard that he has made an original contribution to this theme. From this analysis, it also appears that classifying a certain interest and maslahah under one or the other of these categories is likely to be relative and involve value judgement that contemplate the

attendant circumstances of each case.

السَّلَامُ عَلَيْكَ يَا خَلِيفَةَ النَّقِيِّ، Peace be upon you, O the ally of piety! Imam said that he did not indulge in such habits. This is generally accepted, but there are certain tendencies within this general framework. وَالْمَوَاهِبِ الْجَزِيلَةِ، O Lord of abundant conferrals! The maqâsid, according to this view, have no separate existence outside this framework.
