In these situations, we recognize that the child care provider may be notified directly by the family. It is also important to highlight the benefits of an expanded system

Report: Early Learning Among Top Six Education Priorities for Governors

The Master Plan for Early Learning and Care translates our aspirations into an actionable roadmap — one that centers on the success of our youngest Californians, their families and the communities and caregivers that lift them up.

Advance Illinois Applauds the Governor's Early Childhood Funding Commission Report

To help increase access for low-income families, states should explore ways to pay for home visiting services through Medicaid.

Reports

This status permits the new division to focus specifically on young children. In addition, given their role as the CEO of their respective states, governors are in a unique position to engage the business community. Education

The school closures will be most effective in slowing the spread of the virus if the overwhelming majority of children, including children under age 5,

stay at home or in very small group settings throughout the closure period.

A Center for American Progress analysis suggests that leveraging Medicaid to pay for home visiting could result in 20,000 fewer infant deaths and 400,000 fewer preterm births nationally. As shown in this report, there are several steps that governors can take in the first 100 days of their administration to support early childhood programs. In this report, CAP lays out an agenda for governors to make progress on early childhood in 2019 and beyond.
