## Poetry In Translation

The goliardic line was used both for profane writings, serious as well as frivolous, and for religious subjects.

## Minor Latin Poets

At that time when the first white toga was handed me, when my youth passed in flower through happy spring, I played more than enough: the goddess was not unknown to me, the work that mixed bitter with sweet. In the midst of the palace a sacred couch, truly joyful for the marriage of the goddess, gleaming with Indian ivory, stained with the red dyes won from purple murex.

## 10 Essential Latin American Feminist Writers

The Carolingian Renaissance The Saracen conquest of Spain and the Danish invasions of Ireland and England stopped literary progress in those parts of Christendom. Boniface left many letters rich in information concerning his missionary lands. Click the link for more information.

## Pantheon Poets

Many of his definitions and technical terms were taken up by medieval philosophy. Hildebert wrote in a variety of classical meters but likewise used rhythmical verse in masterly fashion. He is: but this decent man has no slaves or cash.

## Márquez, Neruda, Llosa: A Look at Three of Latin America's Most Famous Writers

Ambrose bequeathed the art of hymnody see hymnology ; Jerome gave the Vulgate and his saints' lives; Augustine transmitted neoplatonism, theology, catechetics, the art of autobiography, and a theology of history; John cassian taught a psychological approach to the spiritual life; Sulpicius Severus became a model for hagiography; Orosius, for history; Prudentius, for versification and the allegory of the virtues and vices; Leo the Great left his name on the art of letter writing and rhyming see cursus ; and Gelasius I laid down the fundamental teaching on.

## The Classics Page

He tells stories of those living on the margins, and deals with themes of social justice, addiction, incarceration, at-risk communities, and immigration.

### **Latin Literature**

His interest was especially the quadrivium, and he wrote on mathematics and on the use of the abacus. His best-known works present his political thought. This excellent novel, which of course evokes the magical realism so popular in Latin America, displays a self-awareness of its literary heritage, as Delmira is at one point handed *One Hundred Years of Solitude* to read on a plane.
