### Im Tirtzu

The Jewish reformers, however-those who are still present in some German communities, and are maintaining, to the best of their ability, the theatrical show of religious reform have so little respect for the essentially national character of Judaism that they are at great pains to erase every echo and memory of it from their creed and worship. By the time Hegel had transmuted them into the abstruse language of his philosophy, his own nation, Germany, had become the Absolute, the incarnation of the Idea.

### The Zionist Ideas : Nebraska Press

Im Tirtzu CEO Matan Peleg explores the battle raging between the Zionist idea and the idea seeking to limit the sovereignty of the Jewish people and to halt its renewed and unprecedented revival in the Land of Israel. The full scope of this historical phenomenon was not realized at the time.

### MBEAW: Historic Zionism (to 1968)

In its early phases, the national Arab movement in Palestine and Syria carefully distinguished between the Zionist immigrants and the resident local native Jewish population mostly Sepharadim who lived peacefully with their neighbors. From the Jewish perspective messianism, and not nationalism, is the primary element in Zionism. Nonetheless, despite such exceptions, the inner quality of the life of the Jewish masses prior to the Emancipation was of one piece; Israel, at once a universal religion and the destiny of a particular folk, was serving out in faithfulness the divinely appointed term of the exile.

### Zionism

The history of the nations of Europe in the last three hundred years amply illustrates the truth of this assertion, but I will restrict myself to calling your attention to the events now transpiring in Italy. A group of intellectuals and academics began to reinterpret the birth of Israel by acknowledging the ethnic cleansing that had accompanied the imposition of the Jewish state over the Palestinian-Arab population.

### Im Tirtzu

Beneath the surface, and in the logic of the career of Jewry after the Emancipation, the events of that year announced the beginning of the end of

the century of leadership of the west European Jewish communities-the very end was to come with Herzl.

### **Im Tirtzu**

! It is ironic that we celebrate the founding of Zionism at a moment when that unity is rapidly disintegrating.
