## Os animais do Brasil nas Obras de Pierre Belon (1517-1564)

Ансамбълът е имал 5000 концертни изяви в България и чужбина през своята 50-годишна история. Mythologie Zoologique ou les Legendes Animales. Belon alludes to at least eight representatives of the Brazilian fauna molluscs, fishes, birds and mammals , foremost among them an armadillo Dasypus sp.

## OPERA AVELLANI

IUCN Global Species Programme Red List Unit, Cambridge. But it is time to put a stop to these digressions Mynors, 1991: 15. Това свидетелства, че селището не се е ограничавало само до територията на укреплението — около 40 декара, а се простира и в околната местност.

## Сливен

While at the end of the fifteenth century readers would find the privilegium at the end of the book as part of the colophon, the location of these two privilegia within the preliminary pages of the book reflected a new publishing trend designed to emphasize the institutional support received by authors and publishers. São Paulo, Companhia Editora Nacional.
