MORE OF SCOTLAND'S BATHING WATERS RATED AS 'EXCELLENT' AS THE 2019 SEASON BEGINS

Who is responsible for this indicator? Datasets likely to be of interest State: Poor Trend: Improving Energy in Scotland is changing and will continue to do so as we strive towards a low carbon future. Roseanna Cunningham Cabinet Secretary for Environment, Climate Change and Land Reform. And we will help to ensure that we pass on a planet fit to live in to future generations.

Bathing Waters: Homepage

These changes in climate and their effect on our weather will have major implications for our way of life. It has a number of roles, including the preparation, delivery and implementation of the river basin management plans.

Water environment fund

All funding provided by WEF must comply with State Aid rules. Like many of our natural resources our rivers are under pressure and in places, damaged.

Our environment

We will help to safeguard the wonders of nature for their own sake. Over the last century it has become warmer, with drier summers, wetter winters and more frequent heavy rainfall. How is the information made available? These classifications are calculated at the end of one season for display at the start of the following season.

MORE OF SCOTLAND'S BATHING WATERS RATED AS 'EXCELLENT' AS THE 2019 SEASON BEGINS

Policy and legislation Europe 2000 provides a system for protecting and improving the condition of the water environment across Europe. However, while some individual habitats and species are improving, others are still under pressure.

Bathing Waters: Homepage

Almost two thirds of lochs surveyed are in good or high condition.

Our environment

SEPA administers the Water Environment Fund on behalf of Scottish Government.
