### Now and After

The nation-wide militarist propaganda at last swept the American people into the field of carnage. We all live to-day in the capitalist system.

### Now and After

They were charged with breaking the laws of the land; they were called disturbers of the public peace, criminals, and enemies of the people. Do you think justice to labor possible under the reign of capitalism? ### **Now and After: The ABC of Communist Anarchism**

It takes many men, of different trades and professions, to create something. But where do you come in? Think it over, my friend, and see what capital and government are doing for you, doing to you. Out of your labor, by direct and indirect taxation, are supported the entire government, local, state, and national, the schools and the churches, and all the other institutions whose business it is to protect profits and keep you fooled.
