## Global Media Ethics

McDonaldizing Media Media works in an uncannily similar way to fast food. In the early days, local newscasts were seen more as a public service. These include truth-telling, accuracy, factualness, objectivity, credibility, balance, verification, independence, fairness, accountability, honesty, and respect.

## Impact of media on foreign policy

At this point, we will incorporate the media factor in our analysis, with respect to utilizing media as a tool of manufacturing consent on an international basis.

## The CNN Effect: Can the News Media Drive Foreign Policy? on JSTOR

Referred to variously as perception management, strategic communication, public diplomacy and, recently, global engagement, these activities involve the promotion of policy through carefully crafted PR campaigns, exploitation of links with journalists and media outlets and, most generally, taking advantage of the considerable resources at the disposal of governments in order to attempt to dominate the information environment.

## Views of the United States and American Foreign Policy

A notable example of virtue ethics applied to journalism is offered by media ethicist Sandra Borden. The journal management will not be responsible for any kind of copyright violation on the part of the authors. Both of them may be guided by the editorial policies of the journal and constrained by such legal requirements as shall then be in force regarding libel, copyright infringement, and plagiarism.

Edward Marks

Papers can be submitted in English only. In not a single country surveyed does more than half the public oppose monitoring terrorists.
